BARNBOUGLE DUNES GOLF LINKS, TAS

Length 6148 meters

Par 72

Architect: Tom Doak

Barnbougale Dunes Golf Links is the creation of a small group of dreaming golfers who saw the potential to build the most amazing golf course on the small island of Tasmania a short jump from the mainland of Australia.

The golf course meanders through towering dunes and along the beach, where the roar of the ocean and a salty breeze embraces golfers, plotting their way around one of the world's natural golf courses. It has rocketed into the World Top 100 rankings with a very impressive debut at number 49. In the recently released Australian ratings the course has amazingly, but not surprisingly, been rated inside the top 10 courses.

The golf course itself combines a series of subtle, short in length par 4 holes with some testing par 3 holes and only 3 par 5's on a course where the wind is an ever present factor. One of the great features of the course is the variability in playing conditions depending on the time of day you are playing the course. The mornings tend to offer windless playing experiences with often crisp cloudless days whereas in the afternoon the wind tends to pick up and provides challenges on many of the closing holes. All in all Barnbougale is a great thinking person's golf course.
