Sydney Harbour Bridge Climb

The Bridge Climb is the most sought after Sydney attraction. It takes you along the upper span of the arch on catwalks and ladders all the way to the summit, 134 metres above Sydney Harbour. The steady incline leaves you free to focus your attention on your Sydney experience, with opportunities for 360 degree views of Sydney, including east to the ocean, west to the mountains and the harbour city surrounds. When you reach the top you will have a sense of achievement that you'll remember forever - you've conquered an Australian icon recognised the world over! No other Sydney tourist attraction can give you this feeling of standing at the top of the world, with the Harbour spread before you. Until October 1988, this Climb was strictly off-limits to the public. Today, over two million people, including many celebrities, have climbed to the summit making Bridge Climb the leading experience of Sydney and the premier Sydney tourist attraction.
